

Rail to Road Flexibility

Step up to a new standard in door-to-door supply chain solutions for business with G&U Logistix

G&U Logistix provides clients throughout the Northeast with comprehensive supply chain solutions through the integration of logistics services, multi-modal freight transportation, door-to-door pricing, and single bill shipments. Our facility is strategically located in the heart of New England at the Grafton & Upton Railroad's South County Distribution Hub in Hopedale, Massachusetts, minutes from Interstates 495, 90, and 95. G&U Logistix is a complete supply chain, seamlessly combining rail, local and regional trucking, warehouse, cross dock, and other value added services. Our dedicated and experienced staff work closely

with customers to provide tailor-built transportation solutions that are responsive to individual needs. We can say "yes" to just about every customer and bring added stability to his or her business.

G&U Logistix can safely and efficiently handle a wide range of products from the 85,000 sq/ft warehouse and cross dock located at the 30-acre distribution hub. These include food grade, paper, lumber and building products, steel, manufactured goods, and bulk products. Extensive lay-down areas are able to handle outside storage needs and dimensional loads with ease. The facility is set up for high-volume, rail to truck throughput. The Grafton & Upton Railroad provides five day per week, 286,000# rail service, and our connection to CSX allows us to quickly access the entire North American rail network. Our own fleet of trucks and trailers ensures that your product is delivered quickly and reliably once it arrives at our hub.

Specializing in:

Paper
Lumber
Steel

Building Products
Manufactured Goods
Bulk Products
Food Grade

G&U Logistix is also able to offer value-added services you won't find at a simple transload. Unique build-to-suit capabilities allow us to quickly update our hub to meet your specific needs. By utilizing our extensive network of affiliates and 3PL partners, we can add port, customs, import/export, and intermodal services to our offerings. We are able to be a global company with the experience and strength to handle any size opportunity.

Experience the new standard in supply chain solutions with G&U Logistix. Contact us today to put our team to work for you: 508-473-9600, skeefe@gulogistix.com.
